ABSTRACT

This document contains information on the vocational/career education programs which have been funded by the 1968 Vocational Amendments and Wisconsin's 17 vocational technical and adult education districts to provide services to special needs students. It is designed to assist teachers and administrators in the Vocational, Technical and Adult Education (VTAE) system in identifying and sharing common areas of interest as they provide services to students. Both sections, Section I, Disadvantaged and Handicapped Occupational Programs, and Section II, Consumer and Homemaking Education Programs for Disadvantaged and Handicapped, list project/program entries by district and categorize each according to pre-vocational, supportive service, or curriculum areas. Each entry includes a descriptive title, location (address and telephone number), information and administrative contact, type of handicapped student served, and a brief program description. The index provides a quick reference for the identification of programs by area. (HD)

PREFACE

This publication contains information on the Vocational/Career Education programs which have been funded by the 1968 Vocational Amendments and Wisconsin's 16 Vocational Technical and Adult Education Districts to provide services to Special Needs Students. This is not a comprehensive listing of all programs for Special Needs Students in Wisconsin. Other programs have been developed through categorical aids and through VTAE District initiated activities which receive no special funding.

These programs reflect the great amount of work being carried on in Special Needs Education by the 16 Wisconsin VTAE Districts. Although there is still much work remaining to be done in order to provide vocational education to Special Needs Students, these programs have provided access to the VTAE system for these Special Needs Students. The programs have helped coordinate school and community resources and have made communities more aware of the needs of the handicapped and disadvantaged persons.

Many innovative methods and techniques for training Special Needs Students can be found in the various programs. The programs provide pre-vocational and supportive services for Special Needs Students in addition to modifications in vocational curriculum areas. Sources of information on where these programs are located and names of persons to contact for further information is provided. This information should be of special interest to high school and VTAE counselors, agencies and persons who are working with Special Needs Students.

Merle E. Strong
Director
Wisconsin Vocational Studies Center
University of Wisconsin-Madison

USING THE INFORMATION

Information provided in this publication was developed in cooperation with the Wisconsin Board of Vocational Technical and Adult Education and the Wisconsin Vocational Studies Center at the University of Wisconsin-Madison. This was done as a part of the Center's larger project, Modifying Programs for the Handicapped, which is funded by the WBVTAE. It is hoped that the information contained in this publication will produce benefits for the State of Wisconsin as well as the nation.

The Table of Contents provides a listing of the Disadvantaged and Handicapped Occupational Programs, Section I, and a listing of Consumer and Homemaking Education Programs for the Disadvantaged and Handicapped, Section II, in each VTAE District.

The Index provides a quick reference for the identification of programs by pre-vocational, supportive service and curriculum areas.

Teachers and administrators in the VTAE system can use this information to identify and share common areas of interest as they provide services to students with special needs. Personnel outside the VTAE system can use this information to direct clients into the VTAE programs. These personnel would include persons working with CETA Prime Sponsors, Area Manpower Planning Boards, Community Service Boards, Employment and Rehabilitation Services, and High School and VTAE counseling departments.

For further information you may contact the VTAE Districts, Wisconsin Board of Vocational Technical and Adult Education, or the Wisconsin Vocational Studies Center, University of Wisconsin-Madison.

SECTION I - DISADVANTAGED AND HANDICAPPED OCCUPATIONAL PROGRAMS

DISTRICT ONE-TECHNICAL INSTITUTE - EAU CLAIRE: DISADVANTAGED PROJECTS

SUPPORTIVE SERVICES

DESCRIPTIVE TITLE: Special Assistance for the Disadvantaged Students and Handicapped Students
Location: VTAE District 1
620 W. Clairemont Avenue
Eau Claire, Wisconsin 54701
Information Contact: Emmett O'Brien, Guidance Counselor (715/836-3908)
Administrative Contact: Gerald Jacobson, Assistant Director, Student Services (715/836-3982)
Type of Handicapped Students Served: Disadvantaged and/or Handicapped Students
Program Description: The Program provides special assistance to potential dropouts with an emphasis on counseling and assessment. Referrals are from different agencies (CETA, DVR, BIA, and welfare agencies) with District 1 serving as the liaison agency.

SUPPORTIVE SERVICES

DESCRIPTIVE TITLE: Study Skills Complex Designed to Assist Disadvantaged
Location: VTAE District 1
620 Clairemont Avenue
Eau Claire, Wisconsin 54701
Information Contact: Michael Stacy, General Education Supervisor
Administrative Contact: Michael Stacy, General Education Supervisor (715/836-3926)
Type of Handicapped Students Served: Academically disadvantaged, slow learners, physically handicapped.
Program Description: Emphasis is on the development of reading comprehension, reading rate and mathematics as a tool for academic and occupational success.

* *

DISTRICT ONE-TECHNICAL INSTITUTE - EAU CLAIRE: HANDICAPPED PROJECTS

BUSINESS

DESCRIPTIVE TITLE: Special Project in Accounting for Handicapped Students

Location: District One VTAE District
Eau Claire Technical Institute
620 West Clairemont Avenue
Eau Claire, Wisconsin 54701 (715/836-3975)

Information Contact: Jackie Gardner, Business Education Supervisor (715/836-3984)

Administrative Contact: Philip Tremain, Chairperson, Accounting Department (715/836-2825)

Type of Handicapped Students Served: Students needing additional instruction and students with physical handicaps.

Program Description: The primary purpose of this auto-tutorial project is to enable students with handicaps to be integrated into the regular accounting program. Modifications for this program include: a) individualized instruction (Accounting Principles by Bell and Howell, distributed by Merrill Publishing Company and ALEX, a slide-tape program from Prentice-Hall Publishing Company); and b) specially designed tables for students in wheelchairs (Mobile Wheelchair Worktable, from J. A. Preston Corporation; 71 Fifth Avenue, New York, New York 10003).

TRADE AND INDUSTRY

DESCRIPTIVE TITLE: Supplementary Services and Guided Instruction for Graduates of High School Special Education Programs (Project Serve).

Location: District One VTAE District
Eau Claire Technical Institute
620 West Clairemont Avenue
Eau Claire, Wisconsin 54701 (715/836-3975)

Information Contact: Jim Reppert, Special Needs Instructor, (715/836-3927)
Bill Blatchford, Special Education (715/836/3927)

Administrative Contact: Michael Stacy, General Education Supervisor (715/836-3926)

Type of Handicapped Students Served: Students with a slower rate of learning who are classified as "educable mentally retarded".

Program Description: Students are provided supportive services such as counseling, remedial instruction, tutorial assistance (both individual and/or group), and materials modification when integrated into the auto mechanics, child care assistant, clerk-typist, clothing services, quantity foods, and welding programs. This program is offered in cooperation with supervisors of a special education secondary program. This project is a cooperative venture between District One and the Department of Vocational Rehabilitation.

Information Contact: Beth Anderson, Human Development Coordinator
(414/739-8831)

Administrative Contact: Beth Anderson, Human Development Coordinator
(414/739-8831)

Type of Handicapped Students Served: Disadvantaged and handicapped

Program Description: Provide related general educational material and curriculum to supplement the "hands-on" approach as required or needed. Provide vocational, career education, social, and personal counseling, both individually and in groups, whereby the student may "try on" new or different attitudes or behavior patterns in a relatively safe environment.

Provide training in personal grooming and appropriate life styling for those who could benefit or need such, in anticipation of employment. Encourage participation in regular school, social and avocational activities to minimize feelings of isolation. Inform the student about job opportunities, occupational requirements, work environments and qualifications, and advantages and disadvantages of different occupations.
Evaluate on-the-job performance after placement to determine the effectiveness of a program or the definition of additional needs. This program is currently concentrating on people in food service, welding occupations, and production agriculture.

WISCONSIN VOCATIONAL STUDIES CENTER
UNIVERSITY OF WISCONSIN-MADISON

The Wisconsin Vocational Studies Center at the University of Wisconsin-Madison was reorganized with the support of the Wisconsin Board of Vocational, Technical, and Adult Education within the School of Education in 1971. The function of the center is to serve the State of Wisconsin in a unique way by bringing the resources of the University to bear on identified problems in the delivery of vocational and manpower programs—vocational education, technical education, adult education, career education, and manpower training—to citizens of all ages in all communities of the state. The center focuses upon the delivery of services including analyses of need, target groups served, institutional organization, instructional and curriculum methodology and content, labor market needs, manpower policy, and other appropriate factors. To the extent that these goals are enhanced and the foci of problems widened to encompass regional and national concerns, the center engages in studies beyond the boundaries of the state.

Merle E. Strong, director
